To Whom It May Concern:

As a young college student attending the University of Nevada Reno I feel very privileged to have grown up in such as beautiful city and state however, I feel that if we allow Nuclear waste to invade Nevada it will bring sad detriment to our state. I urge our legislature and legislators to fight for Nevada and not let this horrible massacre take place in Nevada. I know that it will bring money, but is it worth endangering peoples lives.

Cordially,

Inger L McDowell
Concerned Citizen
